REFURBISHED, REVITALIZED, RELAUNCHED

The Saujana Hotel Kuala Lumpur unveiled their new look after a two year refurbishment programme. Located 35 minutes from the city centre and nestled amidst 160 hectares of lush tropical forest and manicured gardens, the refurbishment has seen all of the hotel's 250 bedrooms, its grand ballroom and 10 meeting rooms undergo a complete overhaul with additional six state-of-the-art new meeting spaces.

The relaunch party was themed 'Malaysia Extravaganza' and a 130 esteemed guests both local and regional were invited to the private soiree that showcased the hotel's new MICE facilities. The event commenced with pre-dinner cocktails served at The Lounge of The Club Saujana Resort, a luxury boutique sister property located next to The Saujana Hotel Kuala Lumpur.

Guests were then invited to the lakeside for a surprise show of releasing a flock of sparrows to mark the relaunch of its Reinvented, Refurbished and Revitalised resort. Guests were also entertained by violin maestro, Dennis Lau followed by a duet with Koujee Beatbox.

We at #TeamNewman would like to congratulate The Saujana Hotel Kuala Lumpur on the successful relaunch!
