

Mangalis Adopts the UNGC 10 Principles

Barcelona- In compliance with our Group’s CSR strategy “True2Earth”, Mangalis joined the United Nations Global Compact, by adopting its 10 principles, to become one of the very few African groups to be part of this international platform.

On joining this worldwide initiative, Mr. Olivier Jacquin, CEO of Mangalis Hotel Group commented: *“By being committed to the UNGC 10 principles, we are once again, demonstrating our strong will to embed international standards in our day to day operations, on a corporate and hotels level.”* He added: *“The UNGC 10 principles are indispensable, especially in the hospitality industry. Therefore, we are determined to comply all our operations in Africa or elsewhere with the UNGC, it is important to highlight here, that Mangalis is one of the very few African Groups adopting the UNGC.”*

The UN Global Compact is a strategic policy initiative for businesses that are committed to aligning their operations and strategies with ten universally accepted principles in the areas of human rights, labour, environment and anti-corruption. By doing so, business, as a primary driver of globalization, can help ensure that markets, commerce, technology and finance advance in ways that benefit economies and societies everywhere.

This ever-increasing understanding is reflected in the Global Compact's rapid growth. With over 12,000 corporate participants and other stakeholders from over 145 countries, it is the largest voluntary corporate responsibility initiative in the world.
