

# OUR HOUSE POURS

## VODKA: RUSSIAN STANDARD

Produced exclusively in St. Petersburg, Russian Standard Original is produced according to Mendeleev's 1894 vodka making principles. Combining the most advanced distillation techniques with time-honoured traditions, made from handpicked winter wheat and the purest glacial water, Russian Standard vodka sets the benchmark for quality in the home country of the vodka.

## RUM: NUSA CAÑA

Nusa Caña is a tropical island rum with a history as old as the forests of its birth. History has allowed us to forget Indonesian rum predated all others and is in fact the godfather of modern-day rum. Indonesian rum was traded and drunk from Asia to Europe before Indonesian sugarcane was brought to the Caribbean to cultivate their plantations.

## GIN: BURNETT'S

Burnett's gin is a true London distilled dry gin produced according to the original recipe established in 1770 by Sir Robert Burnett. Spirits and selected botanicals are distilled together to deliver a distinctive flavour. In its distinctive emerald green bottle, Burnett's gin is a full-flavoured gin that delivers a crisp, refreshing taste.

## BOURBON: EVAN WILLIAMS

Evan Williams is a smooth, easy to drink bourbon named after Evan Williams who, in 1783, opened Kentucky's first commercial distillery along the banks of the Ohio River. Many years and barrels later, they're still producing bourbon with the same time-honoured methods that Evan Williams did years ago.

## CACHAÇA: ABELHA

Abelha cachaça is a small batch, artisanal, 100% organic cachaça from the Bahia-Brasil. The Abelha distillery focuses on sustainable methods of production and promotes a harmonious farming community. The machinery on the plantation is run on the ethanol by-product of the cachaça production lowering their carbon footprint.

# SPECIAL PICKS

## MARTIN MILLER'S

Martin Miller's gin was the first super premium gin on the market. Founders Martin Miller, David Bromige and Andreas Versteegh, created the product after a gin drinking session which left much to be desired. After sipping several tepid G&T's filled with limp slices of lemon, the trio soon embarked on their journey to create the finest gin on the market and it wasn't long before they succeeded.

## ELIJAH CRAIG

The history of Elijah Craig is the history of bourbon. Reverend Elijah Craig was a Baptist preacher and active character in 1800s Kentucky. He was an educator, road builder, land speculator, and built the first paper and wool mills in Georgetown, KY. But it was his gift as a distiller and entrepreneur that established his place in history as the father of bourbon.

## MAHIKI COCONUT

Named after the famous Mahiki bars, Mahiki Coconut is a blend of Caribbean rum, fine spirits and real coconut, producing a great coconut rum liqueur. Perfect for classic cocktails such as the Piña Colada.

## OCHO

Tequila Ocho is the first single estate tequila to be produced in vintages that feature nuances in flavour and taste. Ocho harvest their agave in the same way wine grapes are harvested. Each terroir with its own character.
