# SCOTCH, WHISKEY, WHISKY

There are many names for the golden amber drink.

Whichever spelling, the origin of the word goes back to both Ireland and Scotland. Both Ireland and Scotland claim to have given birth to whiskey.

The word whisky (or whiskey) is an anglicisation of the Classical Gaelic word uisce (or uisge) meaning "water" (now written as uisce in Modern Irish, and uisge in Scottish Gaelic).

Distilled alcohol was known in Latin as aqua vitae ("water of life") Scotch whisky (Scottish Gaelic: uisge-beatha na h-Alba; often simply called Scotch) is malt whisky or grain whisky made in Scotland.

A whisky with an age statement is known as guaranteed age whisky.

The first written mention of Scotch whisky is in the Exchequer Rolls of Scotland, 1495. A friar named John Cor was the distiller at Lindores Abbey in the Kingdom of Fife.

Distilling techniques were brought to Ireland and Scotland sometime between 1100 and 1300 by monks. Since then the world has enjoyed this wonderfully diverse drink for centuries. Help continue this enjoyment by trying one of our collection.

Please feel free to give us information on any you have tried that we don't have we are always looking to expand our collection
